## Vietnam – Australia workshop on water utility twinning at Vietwater'17

This workshop aims to allow utility twins to present to share the knowledge and experiences on the outcomes achieved from each of the twinning pair's action plans. This will allow for wider sharing of outcomes across the twinning program and to capture the outcomes from the Australian Government investment in twinning.

Each twin will present on their action plan progress since Vietwater'16 and share their learnings with other twin partners and to inform future twinning programs between Australia and Vietnam.

**Date:** 10 November, 9am -11.00pm

**Location:** Saigon Exhibition & Convention Centre (SECC) in Ho Chi Minh City

### Participants:

- Vietnam: Vietnam Water Supply and Sewerage Association, Saigon Water Corporation, Thua Thien Hue Water Company, Binh Duong Water Company, Phu Tho Water Company, Son La Water Company,
- Australia: Coliban Water, WA Water Corporation, Wannon Water, Cairns Regional Council, Seqwater, Australian Water Association, Department of Foreign Affairs and Trade (Australian Water Partnership), Peter Moore PSM
