Please go to [www.awa.asn.au/submission\\_guidelines](http://www.awa.asn.au/submission_guidelines) or email [journal@awa.asn.au](mailto:journal@awa.asn.au) for more information.

## **August–October 2016: Vol 1, No 4**

*(Executive Summaries published in November 2016 Current magazine)*

- Innovative Technology
- Global Water Issues
- Potable Reuse
- Resource Recovery
- Water Law & Policy
- Smart Metering & SCADA/Big Data
- Climate Change: Water Security
- Wastewater Treatment
- Water Quality, Regulation & Interpretation
- WSUD & Livable Cities
- Maintenance/Intractable Solids (microbeads, plastic fragments)

## **November 2016–January 2017: Vol 2, No 1**

*(Executive Summaries published in February 2017 Current magazine)*

- Water, Energy & GHG
- River Health & Environmental Flows
- Water Reuse & Recycling
- Climate Change: Water + Infrastructure
- Stormwater Harvesting & Treatment
- Disaster/Flood/Emergency Responses
- Water R&D and Funding/Allocation
- Water Allocation, Trading & Markets
- Emerging Technologies for Sewage Treatment
- Plant Automation, Unmanned Operation etc
- Water in Agriculture/Irrigation

## **February 2017–April 2017: Vol 2, No 2**

*(Executive Summaries published in May 2017 Current magazine)*

- Water In Mining & Energy
- Catchment Management
- Financing Infrastructure
- Water Treatment
- Disinfection/Disinfection By-Products
- Odour Management
- Environment/Pollution/Marine Health
- Groundwater Management
- ADWG Update
- Constructed Wetlands & Mine Rehab

**May 2017–July 2017: Vol 2, No 3**

*(Executive Summaries published in August 2017 Current magazine)*

- Water in Food & Beverage Industry
- Chemicals of Concern
- Water Governance, Regulation, Risk Management
- Desalination & Membrane Processes
- Natural Treatment Systems
- Reservoir Management & Raw Water Quality Improvement
- Managed Aquifer Recharge
- Water Planning [Urban & Regional]
- Biosolids/Sludge Management
- Demand Management & Efficiency
- Monitoring, Sampling & Analysis
